# How to sign up with Clever or connect your existing Collisions account through the Clever Library

#### **STEP 1**

Log in to your Clever Library. From the Clever Library, search for the Collisions Play Chemistry App.

Click on one of these icons:

#### **STEP 2**

Click the Install button:

#### **STEP 3**

A permissions dialog box will appear. Click "Allow and continue" to proceed.

The application will be installed in your Clever Library, and Collisions will search for an existing account.

• If you already have a Collisions account, enter your Collisions username and password at the prompt, and your Collisions account will be connected with Clever.

#### You will now be able to log into Collisions or the Teacher Portal using the Log In With Clever button.

- If you do not already have a Collisions account, click with Sign Up with Clever button.
  - Complete the registration form with the applicable information. (Note: IF you are outside of the USA, even as a Homeschool/Parent/Guardian, you must choose "Teacher Outside the USA" on this form.)
  - You will then be presented with a window detailing the applicable Terms of Service. To continue, you are required to Agree to our Terms of Service and Privacy Policy.
  - You will now be able to log into Collisions or the Teacher Portal using the Log In With Clever button.

### **COLLISIONS & CLEVER INTEGRATION GUIDE**

#### **STEP 6**

Click the "Match student" button to move to the next student. Continue this process until you have matched all applicable students.

#### **CONGRATULATIONS!**

Now your Clever class rosters are imported into your Collisions account. Your students will now be able to log in through the Clever library using their Clever username and password.

## IMPORTANT! Please do NOT give students the Class Code after you have imported them, as they will only create duplicate accounts by using it. Students must log in using the "Log In With Clever" button.

You can clearly see which of your classes has been imported from a Clever Class Roster as evidenced by the blue Clever icons on each class button.

## To remove a student's Clever account connection

If you incorrectly matched a student or would like to remove the Clever account connection, you can do this in the Teacher Portal.

- 1. Select the class that this student is in.
- 2. Select the specific student that you would like to unlink from the Clever Account.
- 3. Click the 'Actions' tab in the top right corner and select 'Remove Clever Connection'.
- 4. Your student's Clever connection has been unlinked from their Collisions account.
